

## **Pharmacy Staff Grows January 2007**

The Free Clinic of the New River Valley prides itself in being able to provide many prescriptions to its patients. Due to the recent addition of a pharmacy assistant, the prescription request procedure has been affected.

Prescription orders will only be taken on Mondays, Tuesdays, and Wednesdays from 9:00 a.m. until 4:30 p.m. The filled prescriptions will be available for pickup on the Friday of the following week. It is important to note that any requests made after 4:30 p.m. on Wednesday will not be available on the next pickup day.
